

D11000687 S2100027

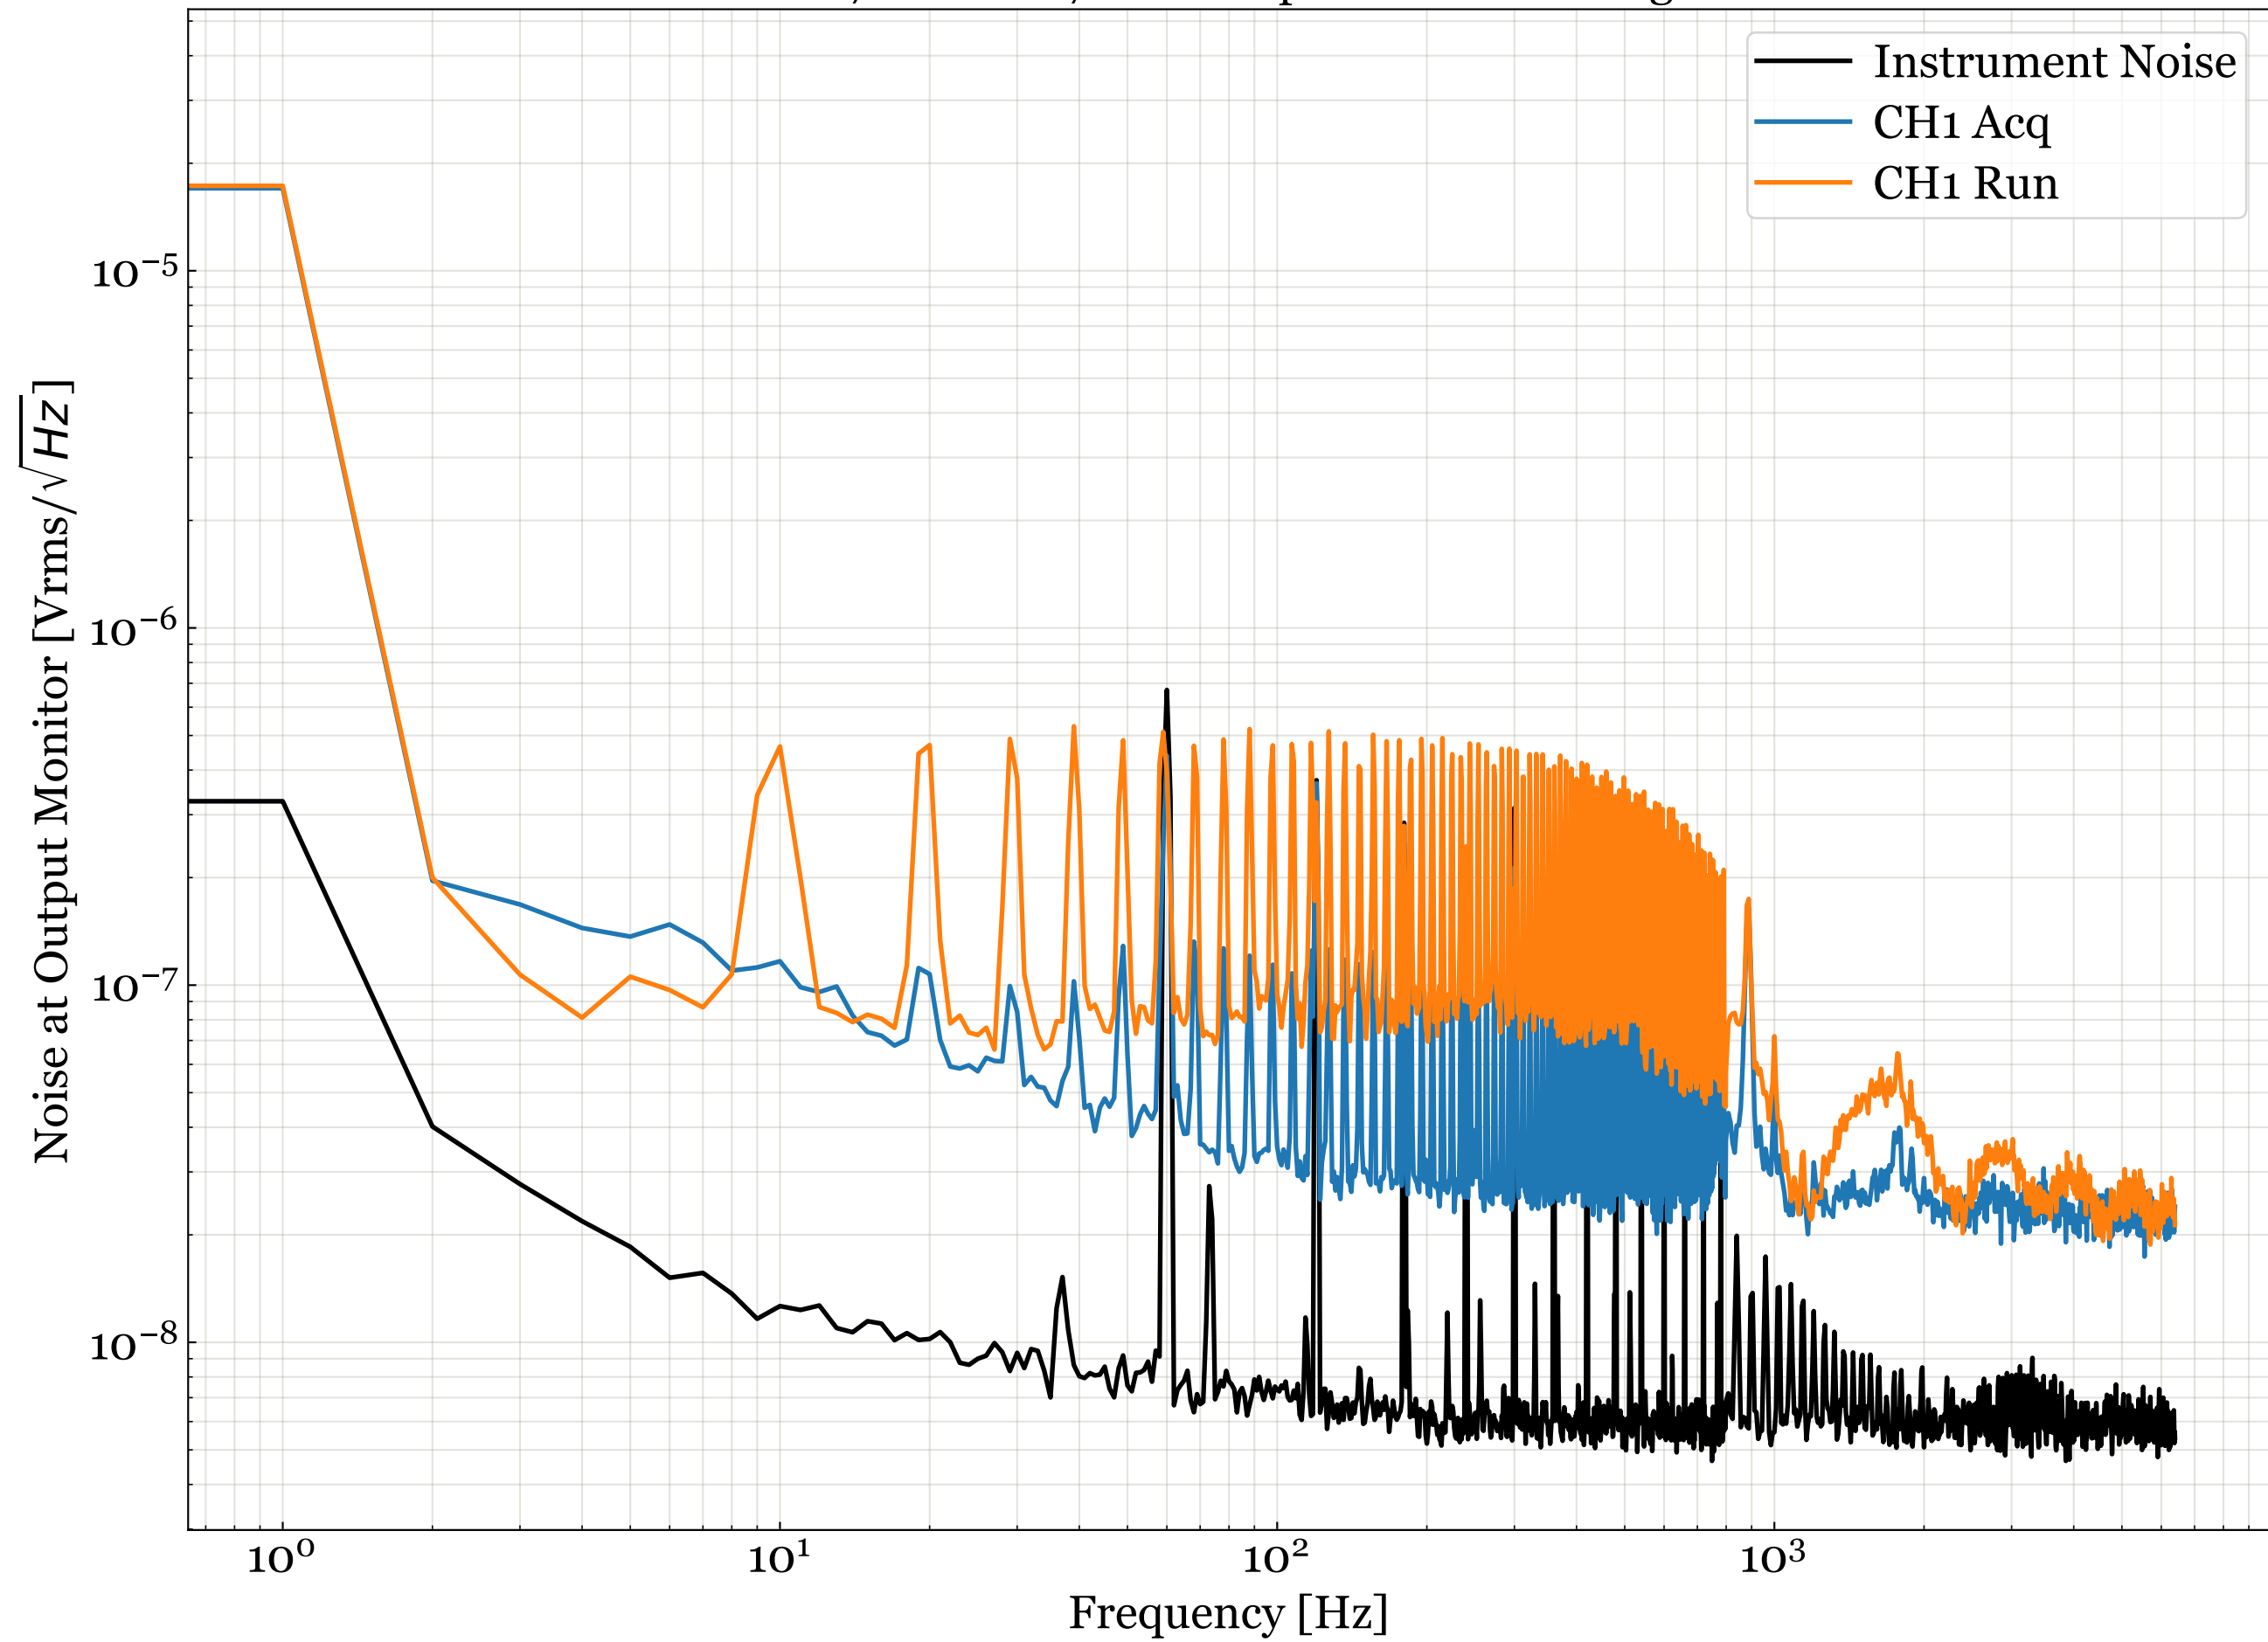

Output Monitor noise with $36\ \Omega$ load at output.

W2 was shorted. P4 not shorted so inputs were grounded.

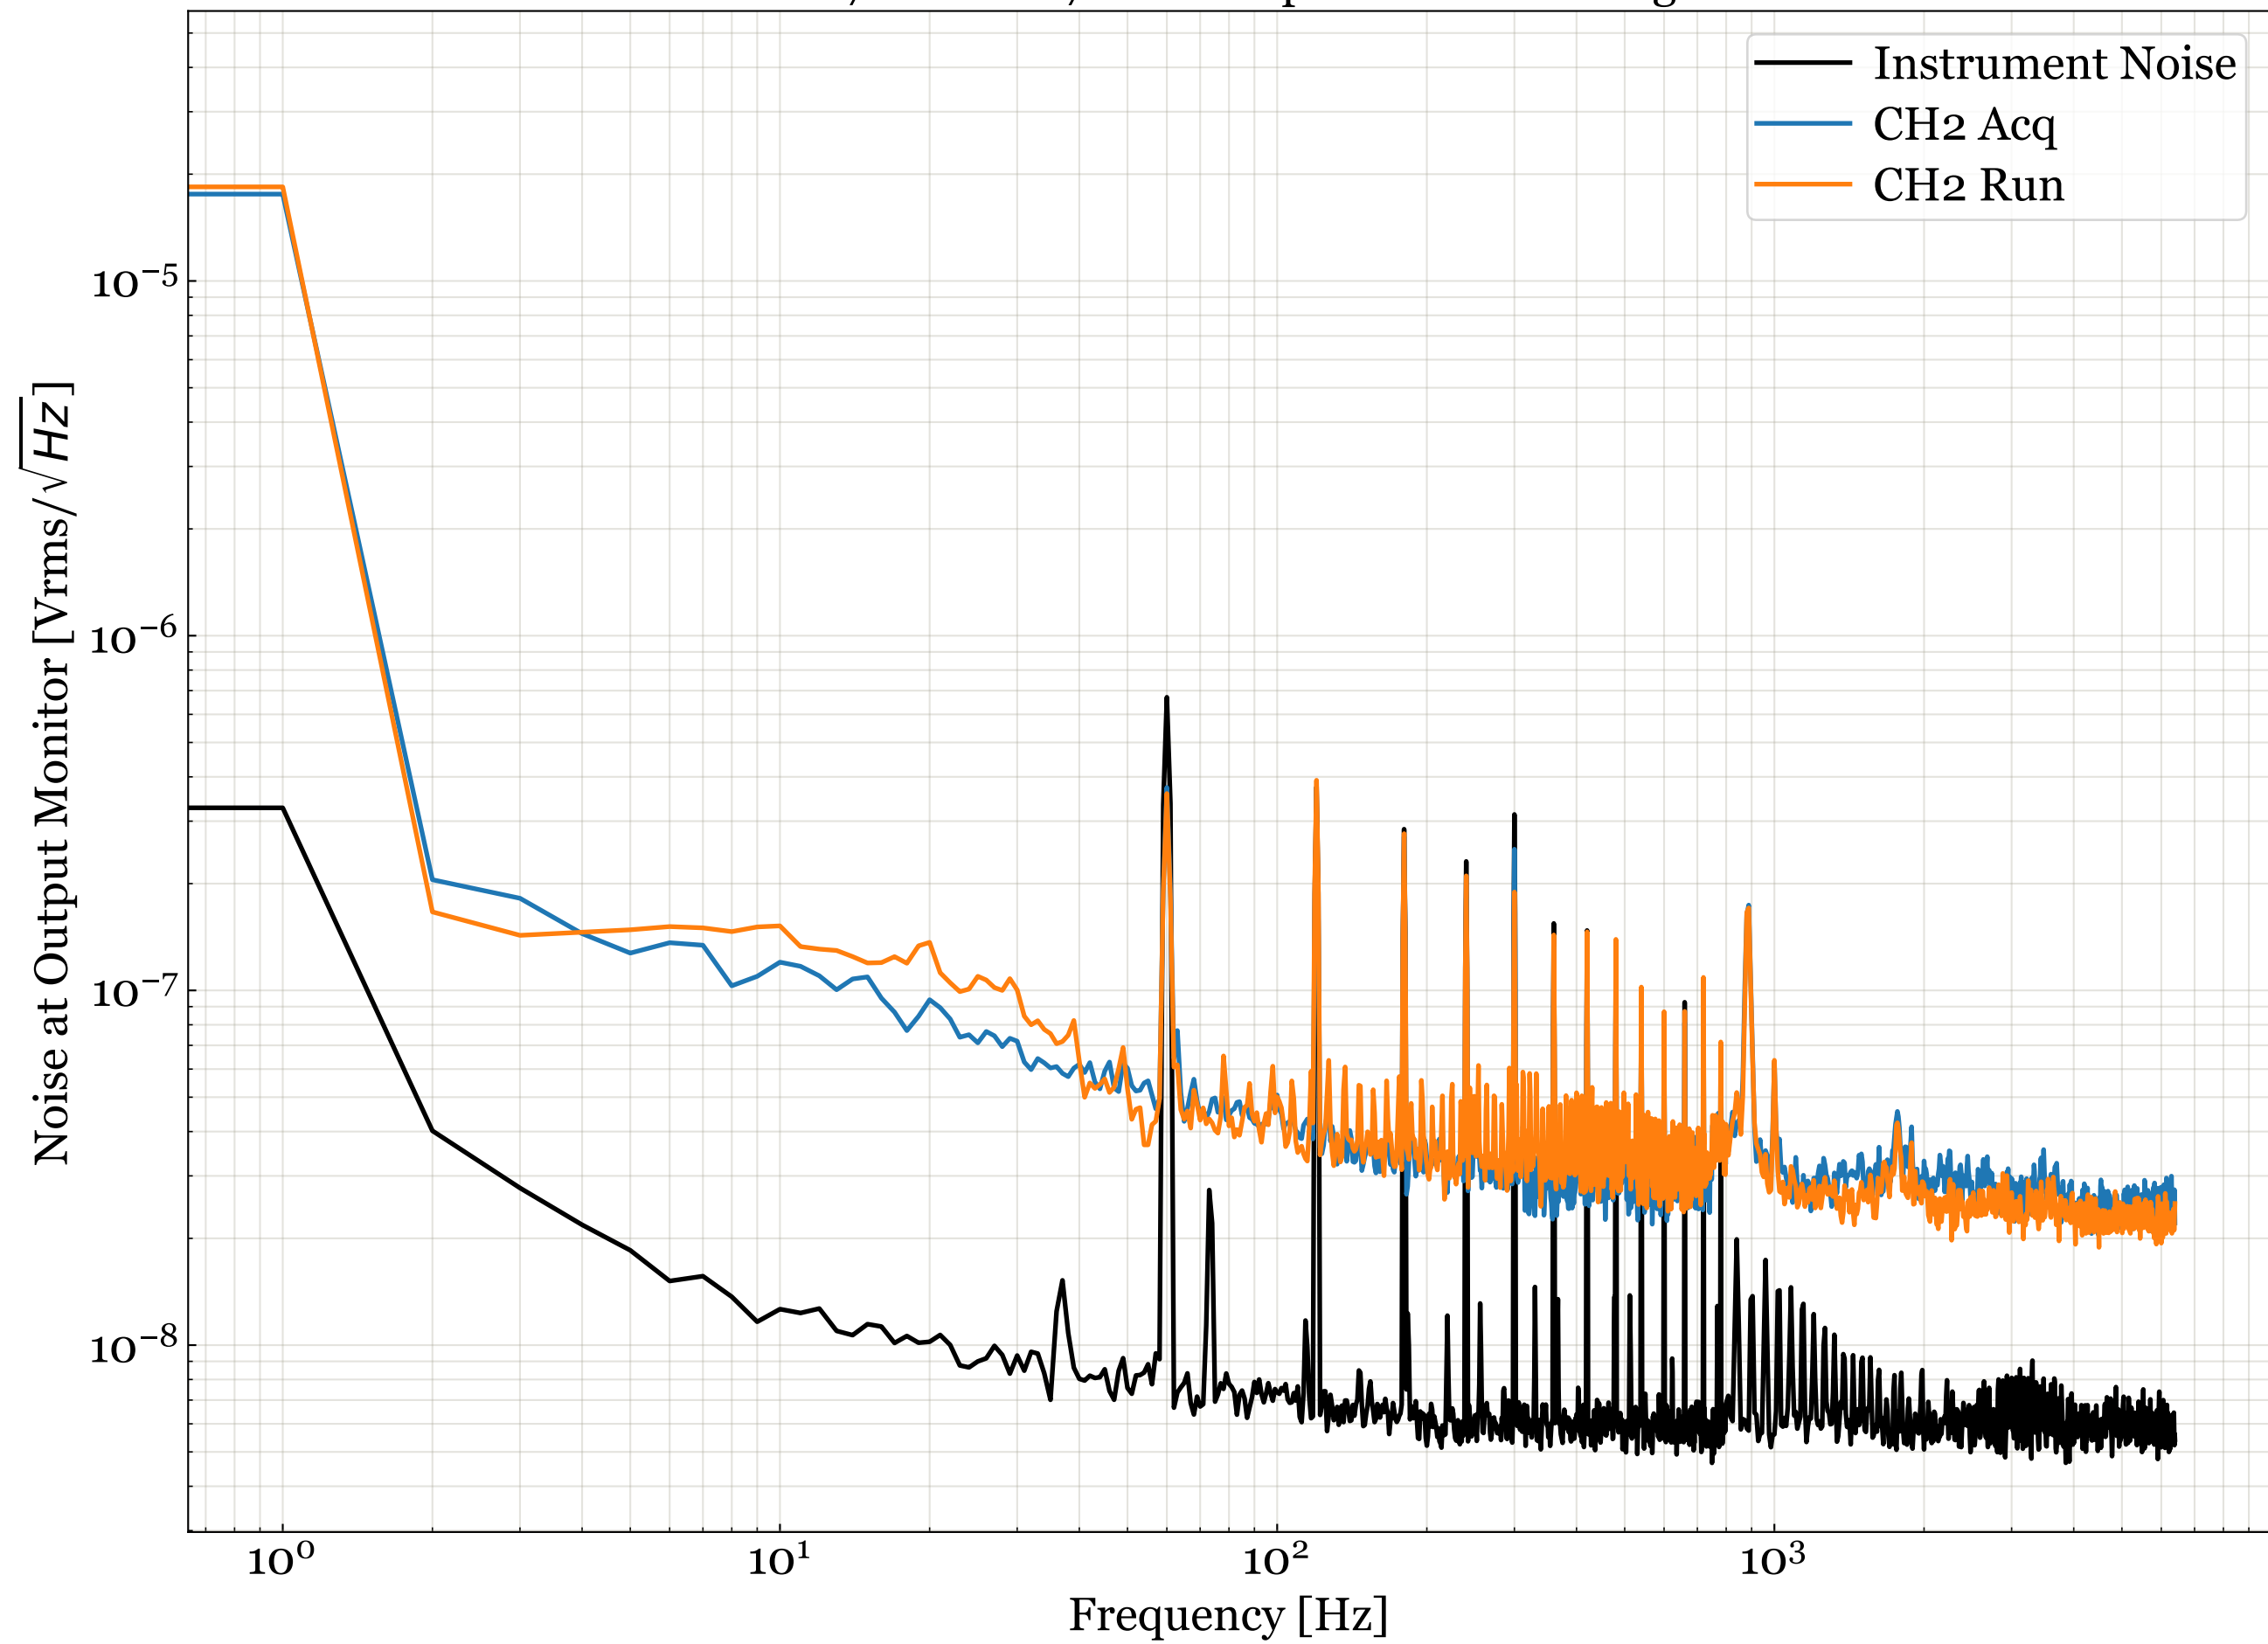

Run mode was activated by shorting header P3.

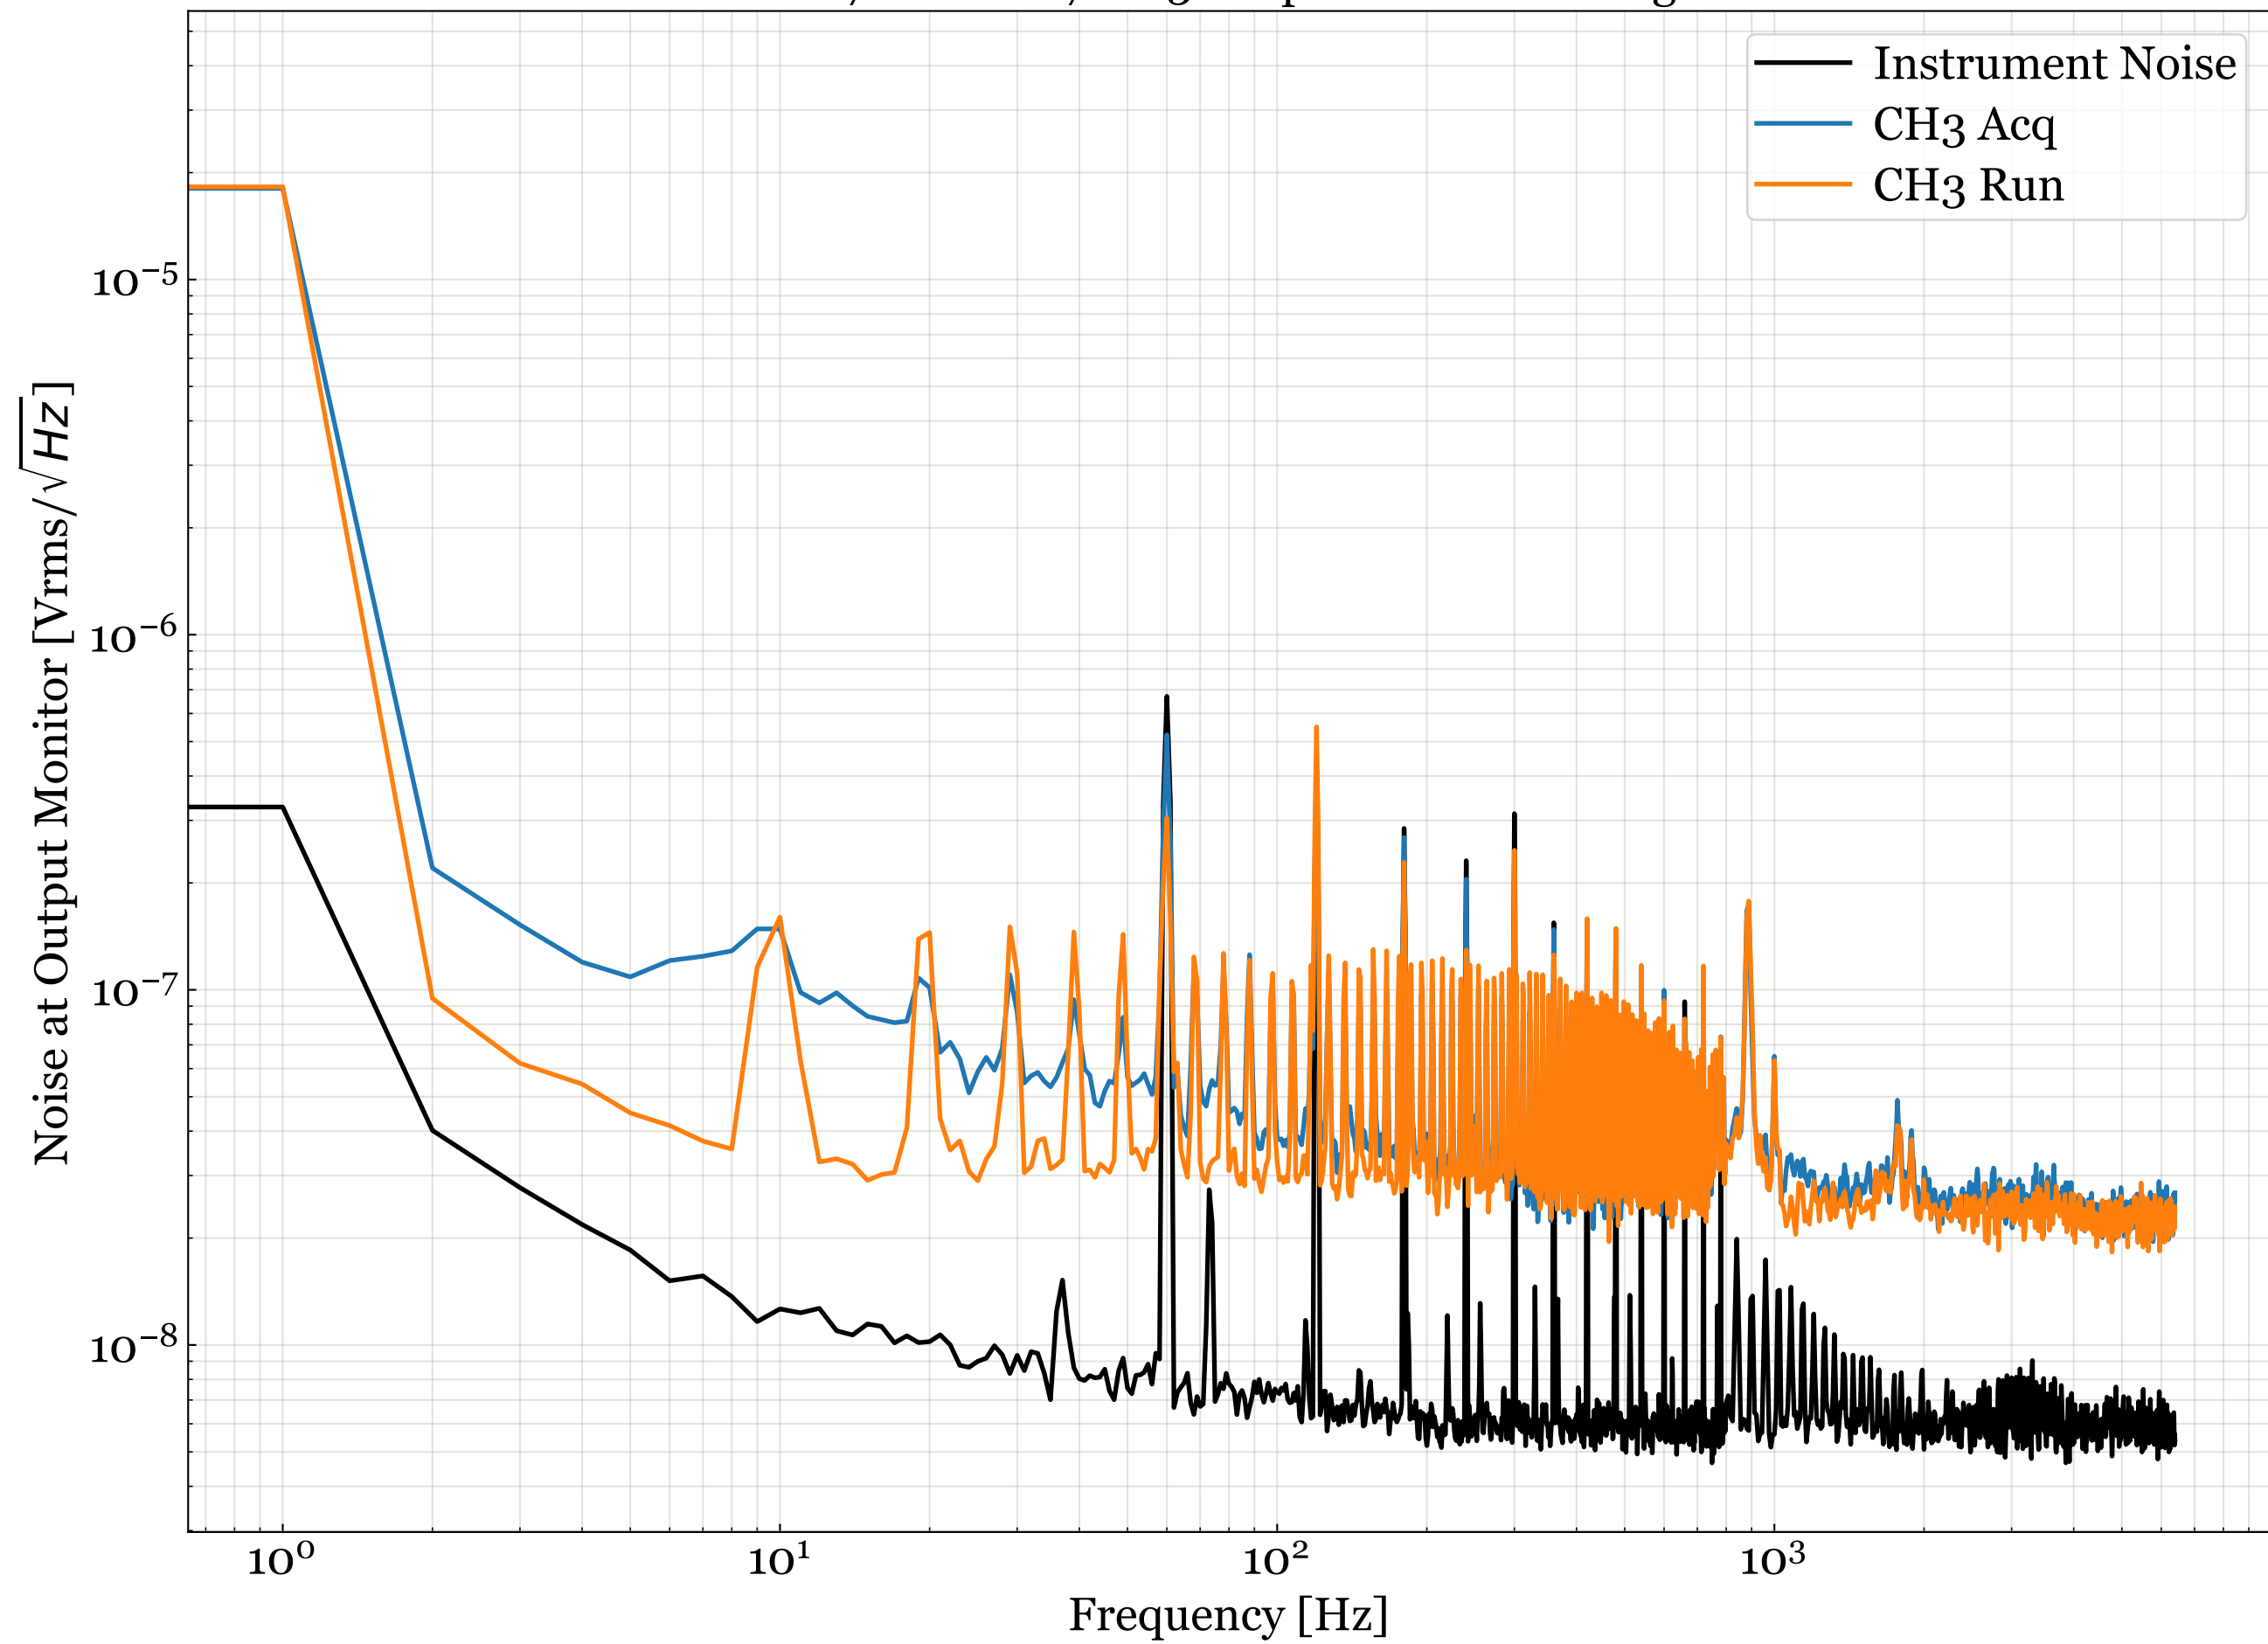

D11000687 S2100027 CH1 Output Monitor Voltage Noise

D11000687 S2100027 CH2 Output Monitor Voltage Noise

D11000687 S2100027 CH3 Output Monitor Voltage Noise

D11000687 S2100027 CH4 Output Monitor Voltage Noise
