

D11000687 S2100028

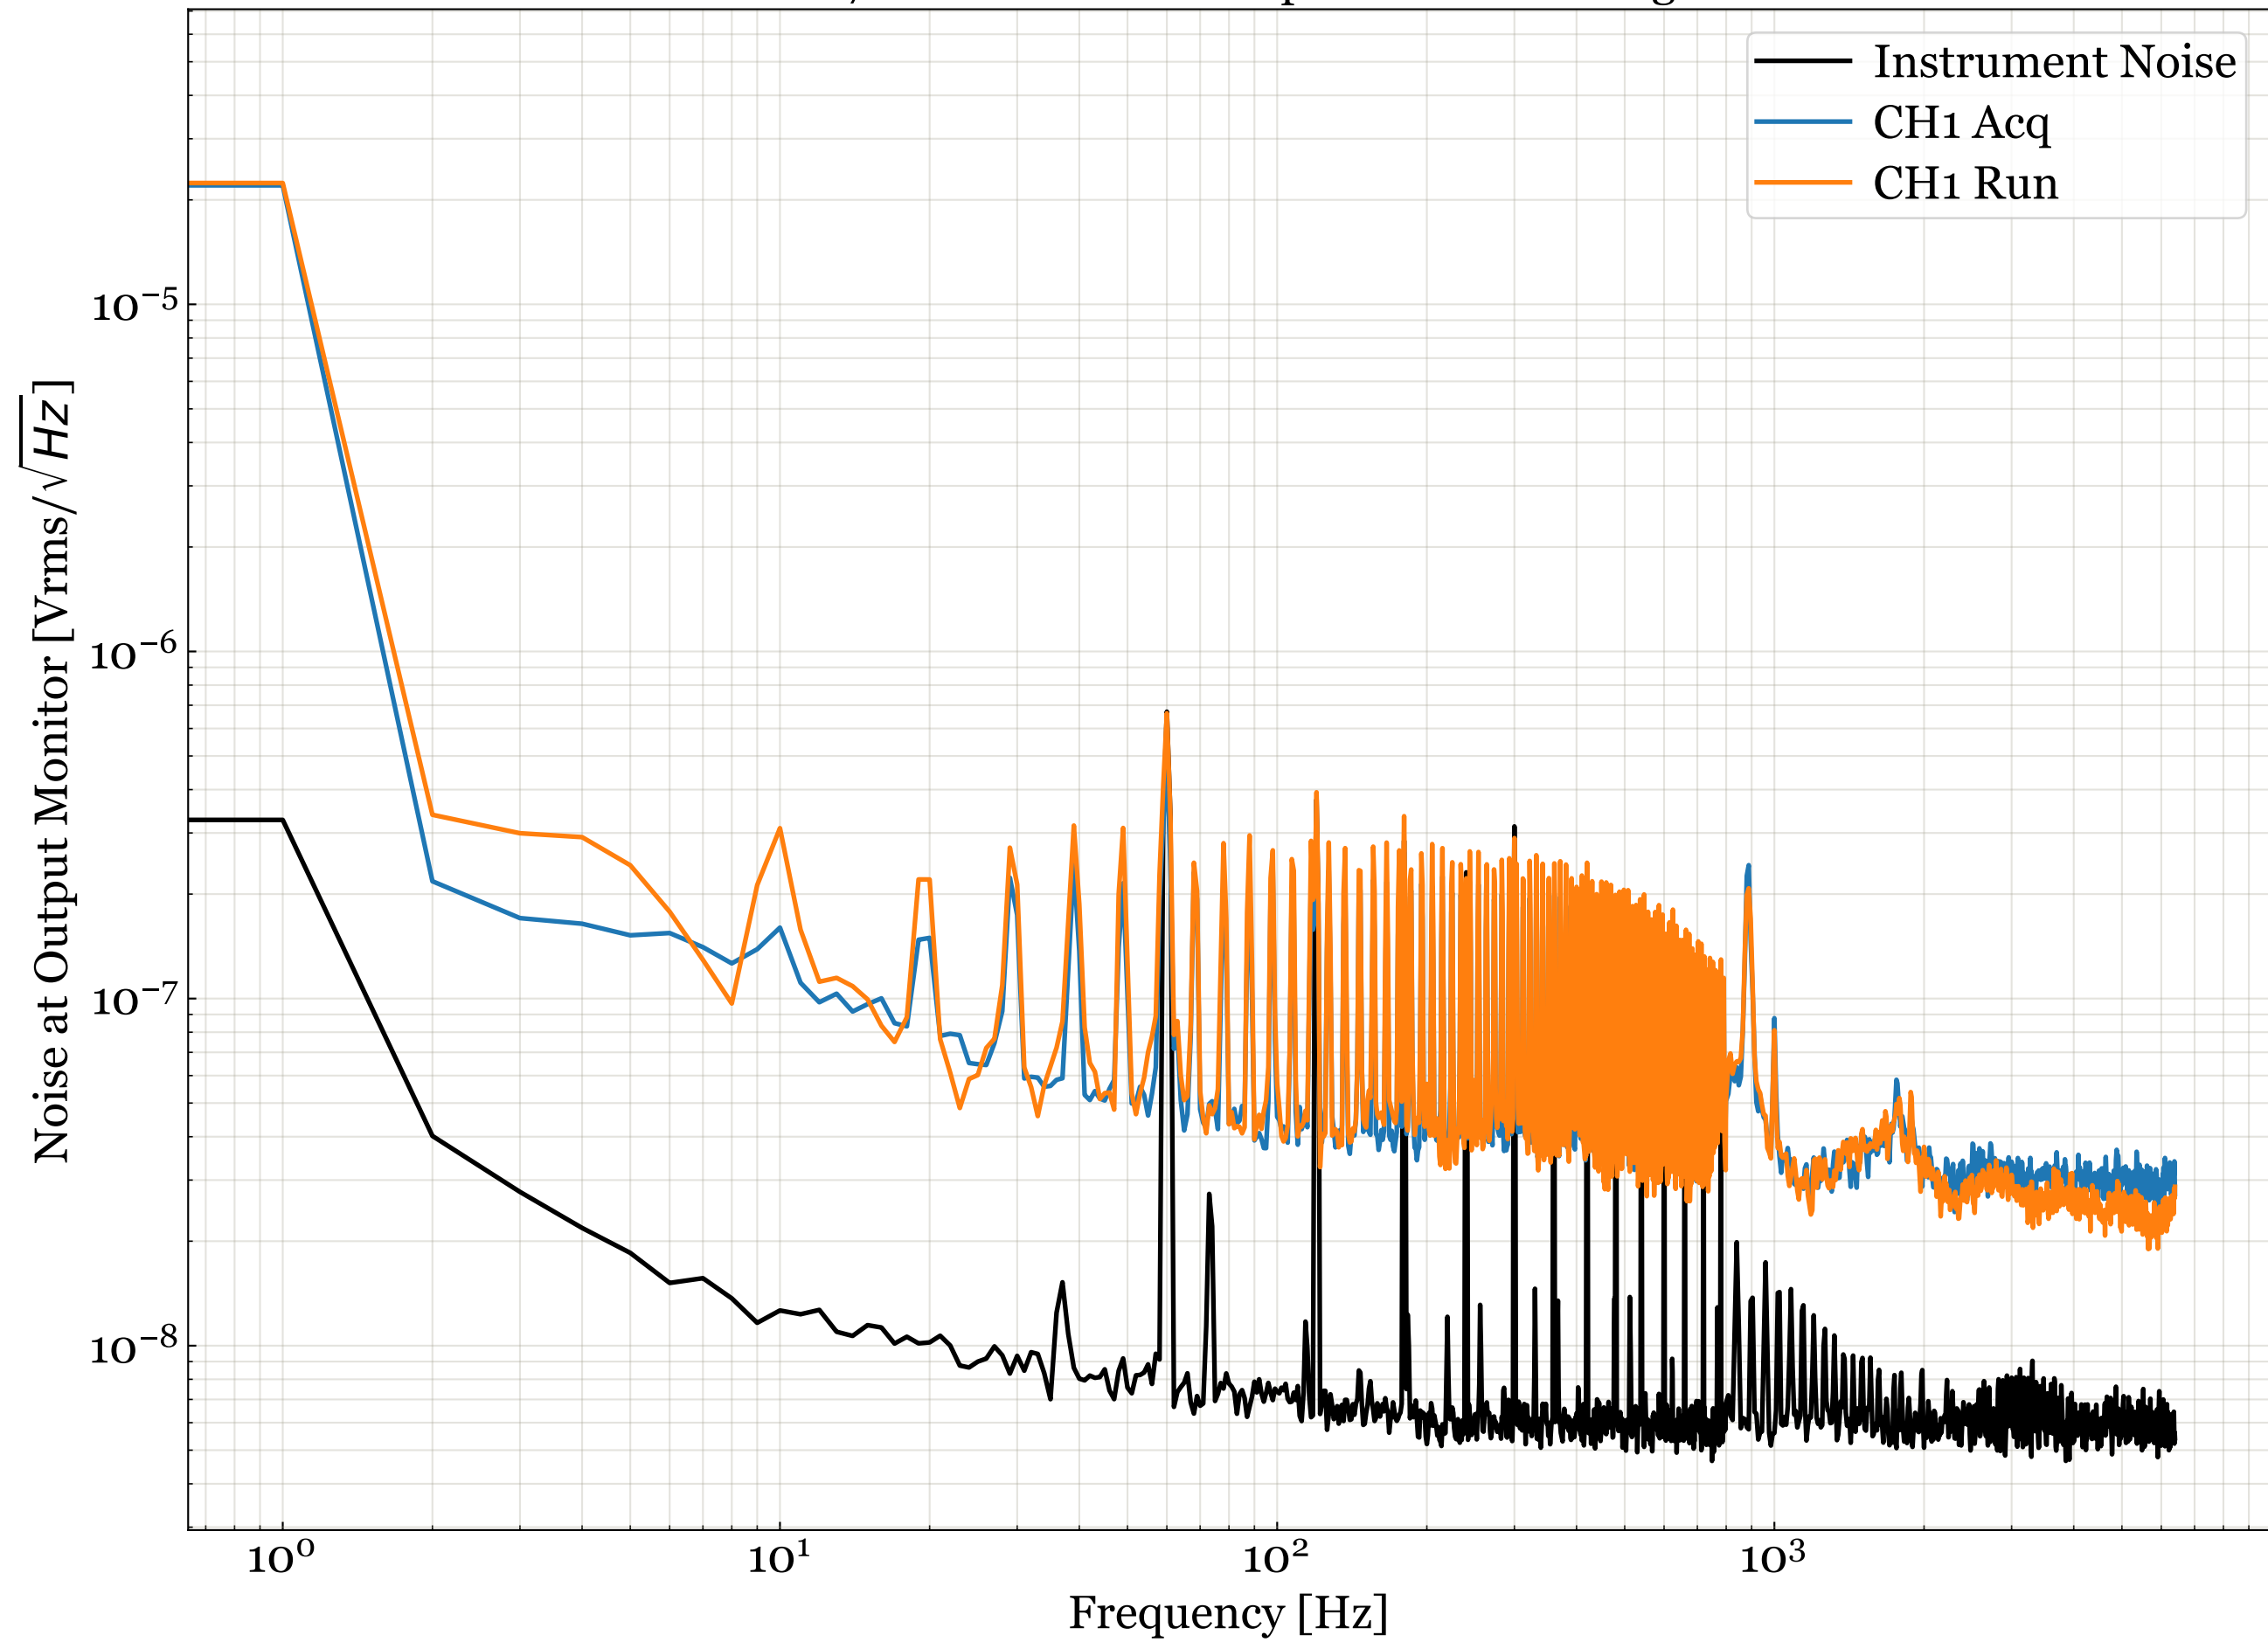

Output Monitor noise with $36\ \Omega$ load at output.

W2 was shorted. P4 not shorted so inputs were grounded.

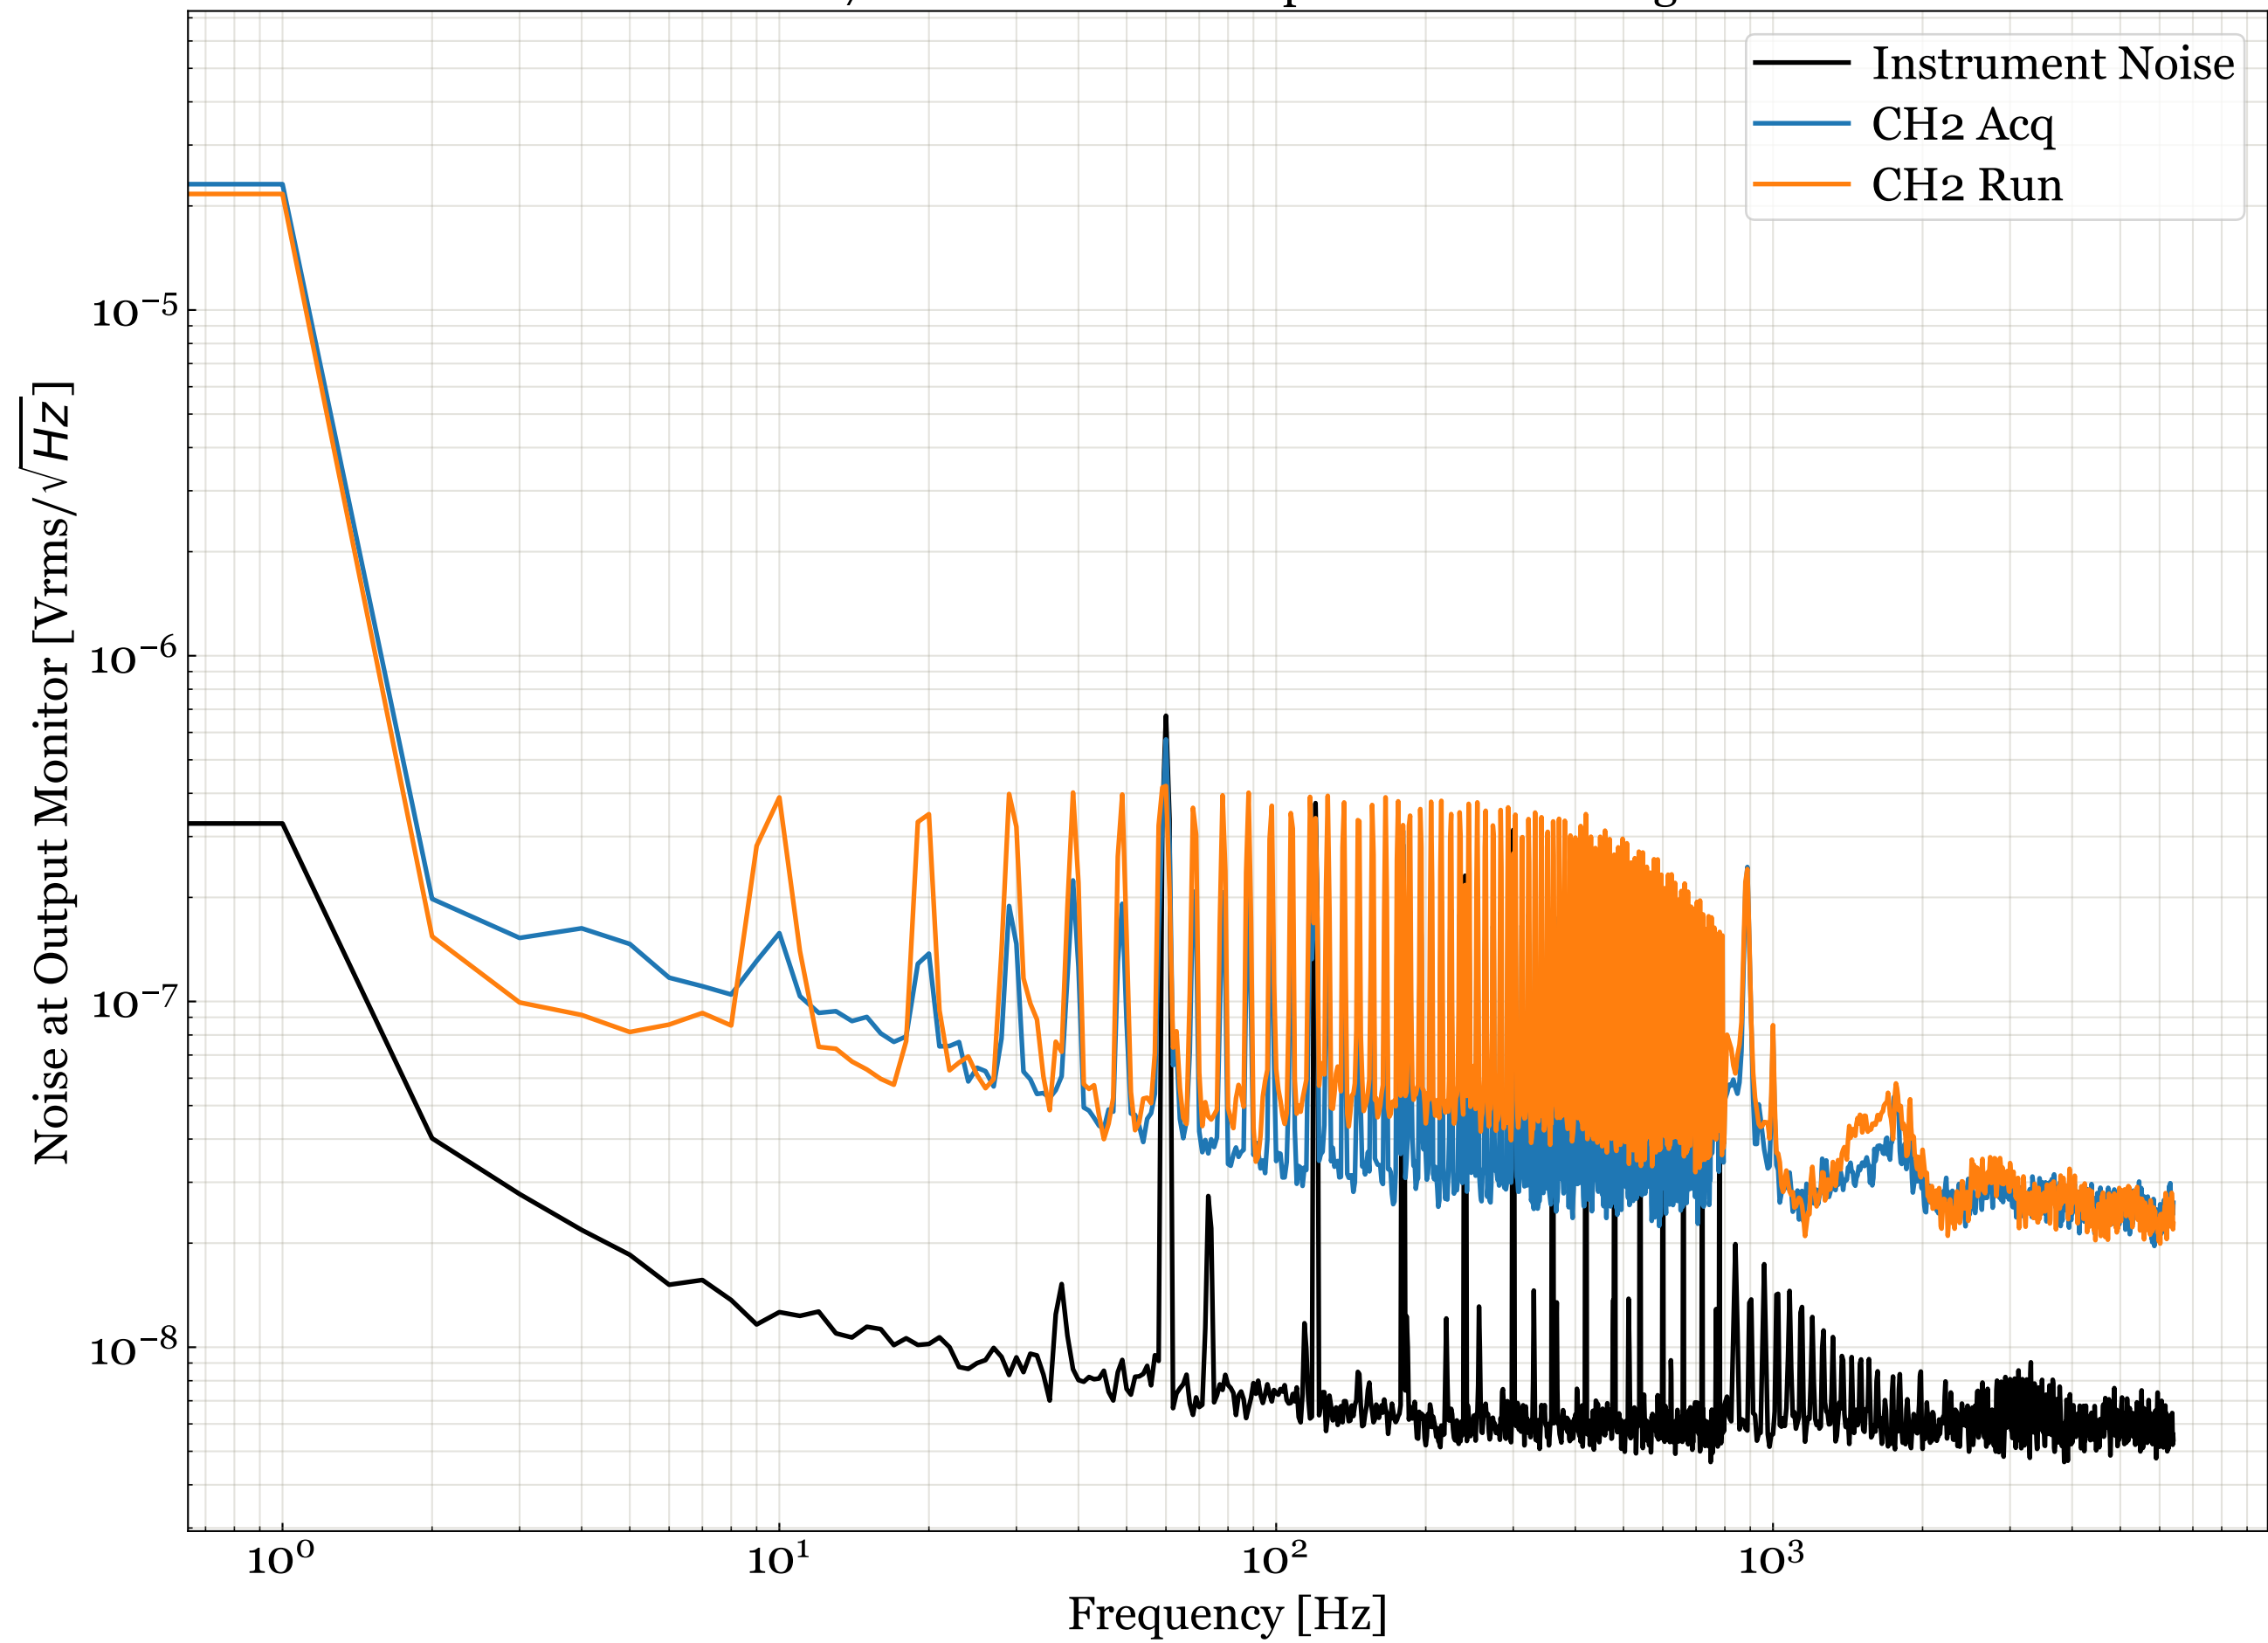

Run mode was activated by shorting header P3.

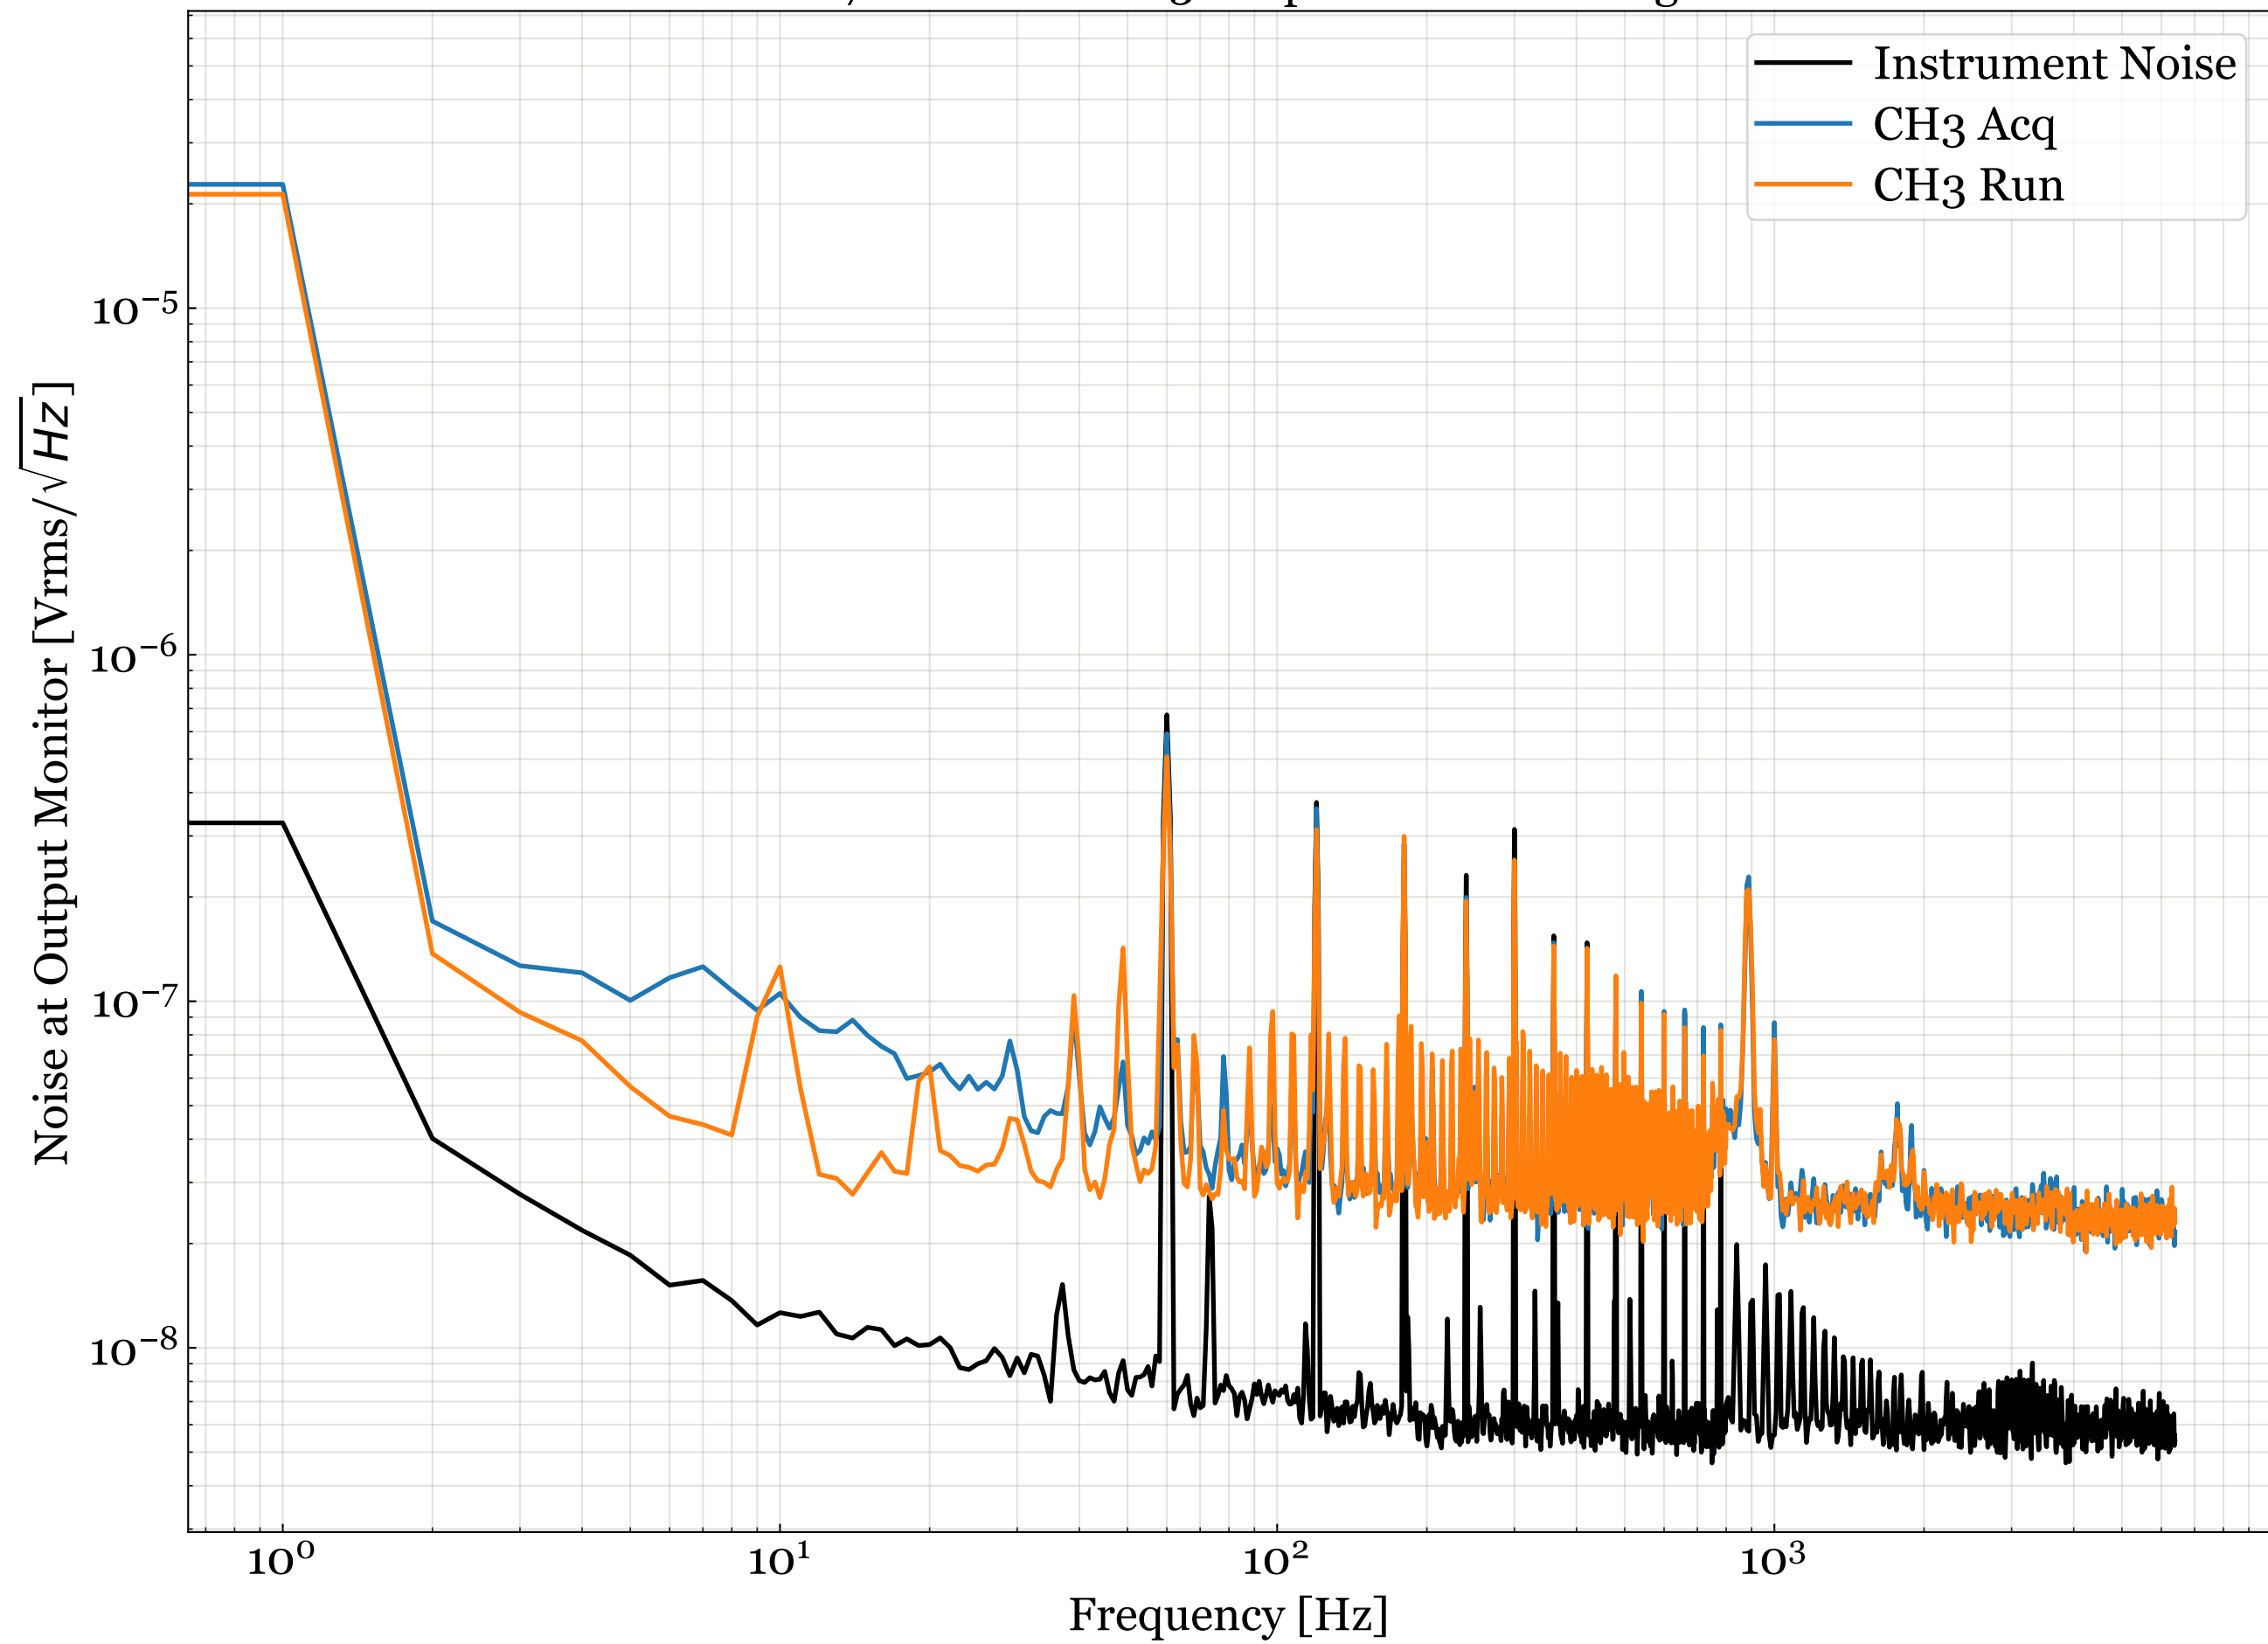

D11000687 S2100028 CH1 Output Monitor Voltage Noise

D11000687 S2100028 CH2 Output Monitor Voltage Noise

D11000687 S2100028 CH3 Output Monitor Voltage Noise

D11000687 S2100028 CH₄ Output Monitor Voltage Noise
